विद्या अनुपम कीर्ति है; भाग्य का नाश होने पर वह आश्रय देती है,
कामधेनु है, विरह में रति समान है, तीसरा नेत्र है,
सत्कार का मंदिर है, कुल-महिमा है, बगैर रत्न का आभूषण है।
इसलिए अन्य सब विषयों को छोडकर विद्या का अधिकारी बनें।

*“Education is the foundation
upon which we build our future”*

Message From

Founder

ER. S.D. MISHRA

“Every child carries limitless potential, our mission is to help it shine.”

As the founder of Acme Public School, it brings me immense pride and satisfaction to see this institution grow into a beacon of knowledge and opportunity for the children. My vision was simple yet profound to create an environment where every child is encouraged to dream, explore and learn with curiosity and confidence.

Throughout my journey in establishing this school, I always kept one thing in mind: the future of our society lies in the hands of our children. To equip them with the tools they need to succeed in life, we must provide them not just with academic education but with the values of kindness, integrity and resilience. This is what I envisioned Acme Public School to stand for—an institution where education meets character-building, where learning transcends textbooks and becomes a way of life.

The foundation of this school was built on the belief that every child, regardless of background or circumstance, deserves access to quality education. It is my desire that every student should leave from here with a sense of purpose and a deep understanding of his/her potential.

To all the children who are a part of this wonderful journey, always remember: The world is full of opportunities and your education is the key to unlocking them. Keep learning, keep growing and never stop believing in the greatness within you.

I stepped into the world of the child education believing that child's right need, special protection if the society is to be progressed and civilized.

I want to give ambitious, genius and unique children of Acme Public School as civilized citizens of future by providing quality education with preserved Indian culture.

*"The important thing is not to stop questioning.
Curiosity has its own reason for existing,"*

We strive to kindle the curiosity and the importance of critical thinking in our students, encouraging them to ask questions and explore ideas. To ensure our students are well-equipped to thrive in the future, the school puts emphasis on the provision of an unparalleled educational experience.

The best gift one can give one's child is an education of the highest quality. As we move into a globalised and competitive global environment, children must be equipped with 21st Century Skills and exceptional intellectual and academic creativity, enabling them to reach the pinnacle of leadership while addressing complex global challenges.

In order to make our students future-ready, we aim to provide an education that is of the highest calibre, focusing on the development of essential skills and abilities. In this process, children embark upon an explorative process of discovering the intricacies of nature and themselves. The school endeavours to instil traditional values in the minds of young children while also instilling modernity and wisdom, allowing them to learn even complex concepts with ease. I trust that Acmians, after graduating from the school and completing further studies, will emerge as leaders in their chosen fields and make great contributions to our nation and humanity.

Asst. Director

MS. ANUPRIYA DWIVEDI

“A journey of a thousand miles begins with a single step.”

We aim to empower our children in such a manner that they act as representatives of a meaningful and value-based society. Our pedagogy which is holistic and comprehensive complements this. We have a team of fabulous faculty members who display boundless energy and intense commitment which keeps the ethos of our school shining brightly.

There are only two lasting bequests we can hope to give our children; one of these is roots and the other is wings. Roots are offered by our parents and wings are handed down by us at School.

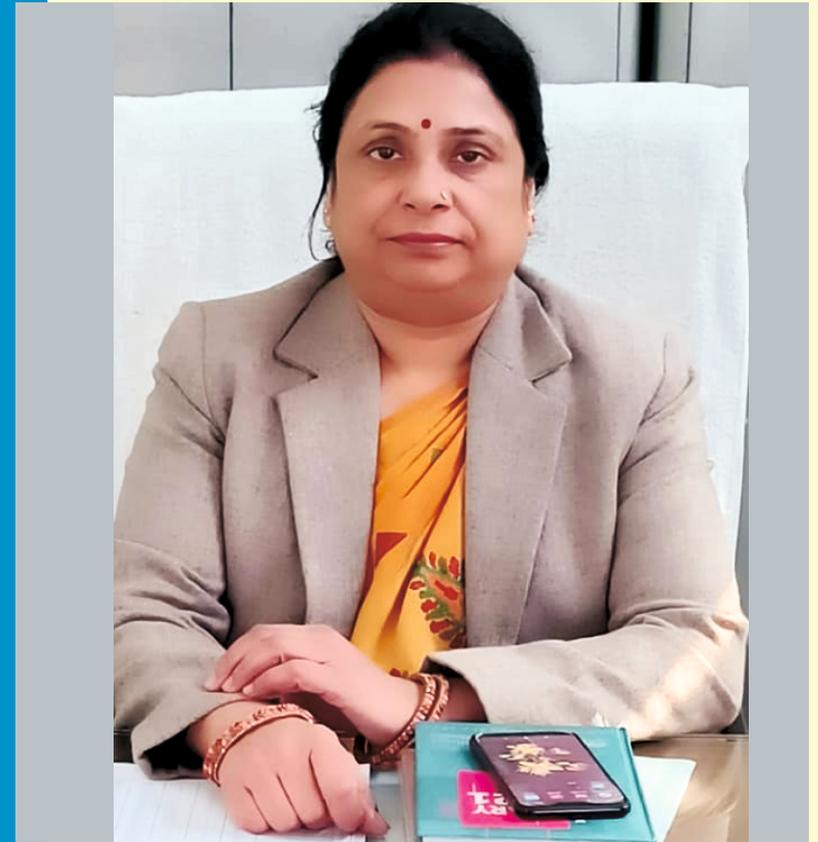

We at Acme Public School, look forward to a long association with you. Let us join hands in grooming the young minds so that they may walk the path of life successfully.

We are preparing young mind for the 'Universe'.

With this message I hope to convey the spirit of our school-its warmth, purpose, thought and soul to equip young students, so that they fulfil their potential and unlock potential in many others.

We, at Acme Public School, follow the principle "success is born of action", which means that to achieve success, one has to give 100% towards one's action. The school, keeping in view the said principle, always focuses on imparting the highest quality of education to our students through different learning methods and working together with students and parents, to meet the needs of the next global generation for exceptional academic and intellectual creativity, to take on leadership positions and to address the challenges they will face in the world.

Further, we remain firm on the goal that we have set for the future along our quest to impact the lives of common folks beyond a degree. The curriculum of the school is tailored in such a way that it fosters students' academic excellence and all-round development through building their actions toward success.

Learn
to
Excel**

Vision

Acme Public School aims to provide the best holistic education to its pupils. The pursuit of excellence rests on the positive belief of developing the qualities of integrity, honesty, trust and compassion. We are duty-bound and promise-driven to -

- ❖ Strengthen a culture of academic excellence.
- ❖ Instil a sense of nationalism, social equality and communal harmony.
- ❖ Teach a refined sensitivity to the concerns of the environment.
- ❖ Help students advance technologically without compromising our rich values and cultural heritage.
- ❖ Prepare students for advanced academic studies and excellence in sports & games.

Mission

Each student will receive a well-rounded education in a safe, supportive environment that promotes curiosity, growth and achievement. Our staff is committed to providing meaningful learning opportunities that generate student success through mentorship and individualized attention.

Values & Attributes

Commitment
Integrity
Responsibility
Trust**

Our Unique Pedagogy

We implement a curriculum for intellectual, mental, physical, socio-emotional and spiritual progress to achieve ambidextrous development.

CONSTRUCTIVIST APPROACH

Learning is an active process where students build new ideas or concepts based on existing knowledge, making learning personal and experience-driven.

COLLABORATIVE APPROACH

Students learn together in groups, leveraging each other's resources, skills and perspectives to achieve a shared goal.

INTEGRATIVE APPROACH

Focuses on making connections between different subjects and concepts, helping students see the bigger picture and real-world relevance.

Our Strength

INQUIRY-BASED APPROACH

Learning starts with questions, problems or scenarios, encouraging students to investigate and discover answers, fostering critical thinking.

REFLECTIVE APPROACH

Students think about their own learning process, reflecting on what they've learned, how they learned it and what they can do better next time.

JOYFUL PRE-PRIMARY YEARS

With our fun school activities for pre-primary children, learning becomes interesting, enjoyable and goes beyond textbooks and whiteboards. Carefully tailored school activities lead to the all-round development of children and help them achieve their maximum potential.

Pre-primary years in Acme involve playful activities, integration of music, use of appropriate ed-tech and practices that nurture spontaneity, self-expression, creativity and confidence.

Holistic Development

EMPOWERING PRIMARY YEARS

Our Primary Curriculum emphasises early reading and the learning of grammar through Literature.

We help children to develop the qualities of hard work, good manners and self-discipline. They come out as confident individuals with a growing sense of the social world around them.

GOALS

Confidence

Competency in the core subjects

Caring and Compassion

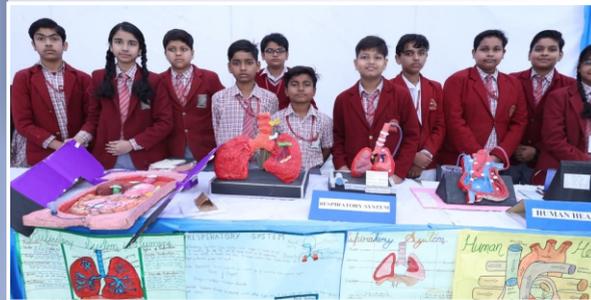

INSPIRING JUNIOR YEARS

The school creates a stimulating learning environment that both supports and challenges the individual student. It promotes a safe, orderly and caring environment. We take a holistic approach to promote the acquisition of 21st century skills:

- Critical Thinking
- Communication
- Collaboration
- Creativity
- Character
- Citizenship

Students aged 11-13 are emerging as junior youth and curious adolescents. The foundations of solid learning laid here set the stage for academic success in the senior years.

VICTORIOUS SECONDARY & SENIOR SECONDARY YEARS

The Secondary and Senior Secondary years are a time for our students to learn valuable skills for life from our professional teachers. These years are the time to set some long-term goals and also to feel a sense of pride in accomplishment.

At Acme Public School, we believe in providing education beyond academic knowledge. Learning is a journey of self-discovery that helps individuals realise their unique abilities and passions: Acme Public School allows students to explore various choices to discover who they want to be.

Consistent excellent board results are achieved through:

- A very high standard of teaching using latest pedagogy and technology.
- Mentoring by highly qualified teacher-guardian.
- Emphasis on learning by doing along with metacognitive approach.
- Personalise study strategy to help students plan better & study smarter.
- Intervention classes based on a data-driven diagnosis of each individual learner's progress and need.

SCHOOL FACILITIES

Our school facilities are consciously planned to give learners the best advantage and ensure educators have every teaching method available. These systems support all types of learners and ensure that students are taught essential skills for responsible citizenship and personal care, leading to successful integration in a rapidly changing global environment.

CCTV Surveillance

The whole school campus, along with the school corridor is under CCTV surveillance. More than 112 CCTV cameras are installed on the school campus and in vehicles. The school has dedicated staff members to keep track of the CCTV activities.

Wi - Fi Campus

The whole school campus is Wi-Fi enabled. The internal servers help the school administrative block work and the computers are placed in staff rooms on each floor.

Computer Lab

The school has two computer labs for students, with the latest hardware and software and high-speed internet.

Library

Our well-equipped library plays a vital role in enriching students' knowledge and reading habits. With a wide range of academic books, storybooks and magazines. The library inspires students to explore, learn and think creatively. Regular library periods help students develop reading skills and a lifelong love for books.

Laboratories

- Maths Lab
- Chemistry Lab
- Physics Lab
- Biology Lab

Open Games & Sports Arenas

The school has an extensive and spacious playground, courts, and arenas where students can learn tennis, badminton, basketball, volleyball and football. Skilled coaches also provide specialised training in various game disciplines.

Multi-Purpose Hall

A spacious multi-purpose hall is available, which can comfortably accommodate up to 500 students.

Kids Activity Room

In the Pre-Primary Wing, a kid's play area has been created, equipped with various battery-operated cars, bikes and other life-size toys for young kids to enjoy and recreate.

Play Station

The beautifully assembled Play Station is used by students of the Pre-primary Wing during their leisure and sports periods.

Music & Dance Studio

The school greatly emphasises providing a platform to excel in co-curricular domains. It has facilities such as Vocal Music rooms, Dance studios, Guitar and Instrument rooms and Spaces in each wing, where qualified teachers train the students.
